Machine Shop

Capabilities

CNC Milling

- 60"x30" Vertical Machining Center
- 80"x55" Vertical Machining Center
- Multi-Axis Machining

CNC Turning

- Turning From 1/4" to 17" Diameter
- 60" Center to Center Turning Length
- Hard Turning

Large Lathe Turning

- Up to 60" Diameter x 18" Thick

CAD-CAM

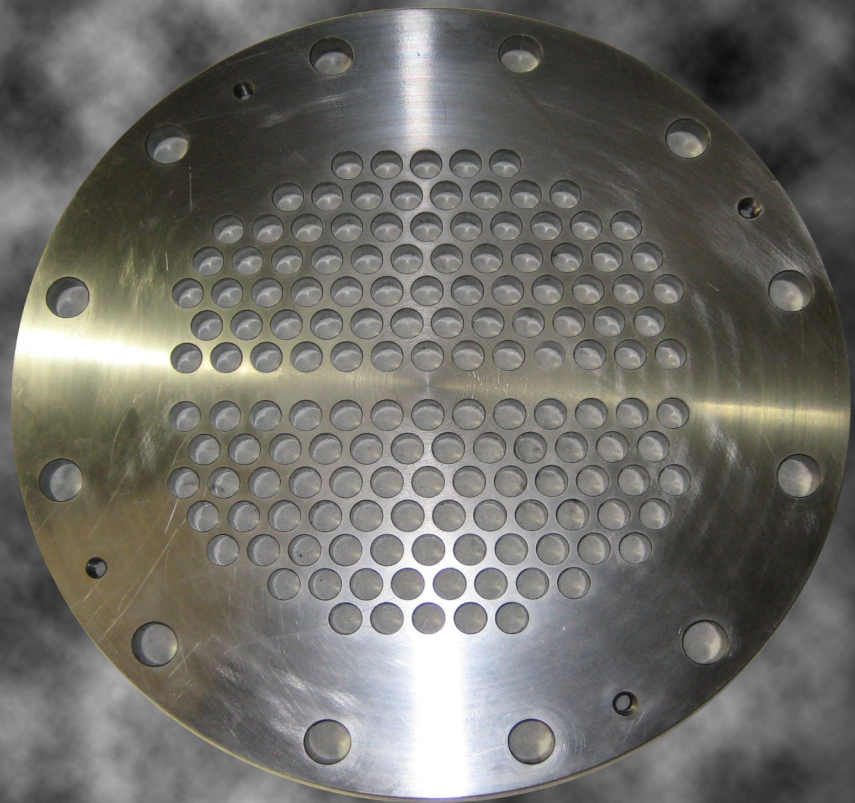

- Engineering Design and Custom Prints
- Multi-Axis Programming
- Solid Modeling

Full Time Inspection and QC Lab

- CMM - Size (25"X, 30"Y, 20"Z) and Tolerance (+/- .0006")
- Microscope - Olympus, 100x Mag.

Saw Cutting

- 18" Diameter Capabilities

Machining Services

We specialize in machining tube sheets for the heat exchange industry as well as the following:

- Prototypes
- Gages
- Single Pieces
- Multi Piece
- Fixtures
- Production Runs
